

MAYSVILLE WEATHER.

What We May Expect For the Next Twenty-four Hours.

THE LEDGER'S WEATHER SIGNALS.
 White streamer—FAIR;
 Blue—RAIN or SNOW;
 With Black ABOVE—will WARMER
 grow.
 If Black's BENEATH—COLDER will
 be;
 Unless Black's shown—no change
 we'll see.

The above forecasts are made for a period of thirty-six hours, ending at 8 o'clock to-morrow evening.

THE WATER MILL.

Listen to the water mill,
 All the livelong day—
 How the clinking of the wheel
 Wears the hours away.
 Languidly the autumn wind
 Stirs the greenwood leaves;
 From the field the reapers sing
 Binding up the sheaves;
 And a memory o'er my mind
 As a spell is cast—
 The mill will never grind
 With the water that is past.
 Take the lesson to yourself,
 Loving heart and true;
 Golden years are fleeting by:
 Youth is passing, too.
 Strive to make the most of life,
 Lose no happy day;
 Time will never bring you back
 Chances swept away.
 Leave no tender word unsaid,
 Love while love shall last—
 The mill will never grind
 With the water that is past.
 Work while yet the daylight shines,
 Man of thought and will;
 Never does the streamlet glide
 Useless by the mill:
 Wait not till to-morrow's sun
 Beams upon your way,
 All that you can call your own
 Lies in this to-day.
 Power, intellect and health
 May not always last—
 The mill will never grind
 With the water that is past.

Why suffer with the headache when
 Chenoweth's Headache Cure will relieve
 you.

The total earnings of the L. and N.
 from July 1st to December 31st were
 \$9,758,233 55, a decrease of \$1,926,695 40
 from same time the previous year.

Every citizen—whether living in
 Maysville or in the county—who is in-
 terested in lower tolls on the turnpikes
 should emphasize his wishes by attend-
 ing the mass meeting at the Courthouse
 at 1 o'clock this afternoon.

J. E. Kirtson of Philadelphia has
 bought of Milton Young of Lexington
 fourteen head of brood mares, the pick
 of McGrath's Stud Farm, in foal to
 Hanover and other noted stallions. The
 price paid was between \$35,000 and
 \$40,000.

It is stated that the liabilities of Mr.
 Samuel Russell, late President of the
 Bank of Louisville, who made an in-
 dividual assignment before leaving for
 the country to recuperate his broken
 health, are not in excess of \$14,000. The
 assets are three or four times as large,
 a farm alone being easily worth the
 amount of his total indebtedness.

MAYSVILLE MISSIONARY.

Our Home "Heathen" First, and the
 Timbuctoese Afterward.

J. M. Scott, Superintendent of the Cotton
 Mills, is doing a good work in the
 First Ward, in which he is ably seconded
 by a number of Christian ladies and gen-
 tlemen.

The German Church on West Second
 street has been kindly tendered for their
 use, and a large and rapidly growing
 Sabbath-school has been opened therein.

Yesterday afternoon there was an at-
 tendance of nearly 150 scholars and a
 score of teachers.

The poor children manifest great inter-
 est, and are encouraged by reason of the
 fact that they are at last placed upon the
 same plane with the "heathen" of for-
 eign lands—that there are some people in
 the world who take an interest in their
 welfare.

Now, when all our home "heathen"
 are converted, THE LEDGER will shout
 for "men and money" for the Timbuctoese!

COMING WEDDING.

The Marriage of Mr. Pogue and Miss
 Laws at Cincinnati.

On the 18th of January Miss Laws's
 marriage with Provence Pogue will be
 especially notable.

It will be a church affair, and the first
 wedding in Calvary Church since the en-
 largement and reditching of the church.

Instead of the conventional organ
 music there will be a full orchestra at the
 church, under the direction of Professor
 Guckenberger.

The invitations to the house are con-
 fined to the family connections and the
 neighbors.

The family connection is very large in
 itself, embracing as it does the Stettinius,
 Resor and Foster families.

The sprained ankle of the bride-elect
 is still in a cast, but the attending physi-
 cian gives encouragement that it will be
 all right by the date set for the wedding.

She is handsome enough to not be
 afraid of going to the altar on crutches.

"Lawriston," the beautiful home of
 Charles Laws's family, will be in full
 gala array for its first bridal.

There will be no bridesmaids. The
 ushers will be Messrs. Morrison Waite,
 John Woods and Robert Reed of Pitts-
 burgh, and Daniel Morgan of Maysville.
 Mr. Pogue's brother will be best man.

A SURE WINTER.

He Wanted His Bride, and With His
 Rustling Qualities Got Her.

Aaron G. Winter and Miss Josie E.
 Lane were two arrivals on the C. and O.
 train yesterday afternoon.

As soon as they arrived in the city they
 went direct to the Central Hotel, where
 they registered as above, but added to it
 "Iron-ton, O."

Mr. Winter was a comparatively young
 looking man, but well dressed and quite
 an intelligent young fellow, while Miss
 Lane was a most beautiful and accom-
 plished young lady.

They were indeed a handsome couple.
 But the Central was only made head-
 quarters for a few moments, as a back
 was soon procured, and they started off to
 secure the necessary papers that would
 give the lady a legal right to change her
 name.

Deputy County Clerk Lovel was soon
 found, and he made out the paper.

When asked the usual question in re-
 gard to their age the young lady very
 promptly spoke up:

"Well, we are both over 21."

This was sufficient, and armed with a
 marriage license they drove to the resi-
 dence of Rev. D. P. Holt of the M. E.
 Church, who tied the matrimonial knot,
 and the couple returned to the hotel as
 "Mr. and Mrs. Winter," where they re-
 mained until the next train to Iron-ton at
 8 o'clock, when they returned to their
 home to receive the usual forgiveness of
 the opposing parents and the "God bless
 you, my children."

Parental difficulties were the cause of
 their coming here to get married.

WALKER WHITESIDE.

A Brief History of America's Own
 Favorite Son, and True Delineator
 of Modern Men.

The above is a very good likeness of
 Walker Whiteside, the most artistic, ex-
 act and precise tragedian on the Ameri-
 can stage to day.

Mr. Whiteside is an old newspaper boy,
 having at one time been editor and pro-
 prietor of a Denver, Col., society paper.
 From the editorial chair he went to the
 stage, but not, however, until long and
 continued study. As soon as the subject
 of this article could read print he could
 be found at all recesses and odd moments
 in some secluded spot reading the works
 of Shakespeare, committing the lines to
 memory and studying the very lives of
 the principals of the works of that great-
 est author.

And his reward came slow but sure,
 and the seeds of his childhood planted are
 now growing into healthy plants and ere
 many days they will bloom into the sweet-
 fragrance. Mr. Whiteside is not a won-
 derful actor. All he knows he has ac-
 quired by hard study, and no one will or
 can deny the fact that his delineation of
 Shakespearian characters are the most pre-
 cise and exact in every detail ever pro-
 duced by any actor.

Mr. Whiteside was seen by a LEDGER
 reporter this morning and in spite of the
 fact that he was greatly ex-
 hausted by reason of a long trip to reach
 Maysville he looked exceedingly well and
 the picture of good health. He is about
 twenty five pounds heavier than when
 last seen here and stated he never felt
 better in his life notwithstanding all re-
 ports to the contrary.

His support this year is the best he has
 ever had. His leading lady, Miss Lelia
 Woolston, was formerly of Daly's Thea-
 ter, New York, and is a lady of great
 note, being well known to the theatrical
 profession as the only real Ada Re-
 had ever had. Others supporting him
 are Messrs. Vroom, Patte and Sturgeon;
 all formerly with Booth and Barrett,
 which is sufficient guarantee of their
 ability.

Mr. Whiteside is now in his 28th
 year and his first appearance on the
 stage was at 14 years.

Personally it is a most pleasant duty to
 talk with him. His piercing eyes, keen
 expression and cultured conversation, as
 he emphasizes his pointed remarks in his
 own peculiar yet pleasant way, makes an
 impression upon the mind of his inter-
 viewer that will never be forgotten.

To-night the theater goers of this city
 will have the opportunity of seeing him
 in "The Merchant of Venice," and the
 appreciation of our people should be
 evinced by giving him a packed house.

WANT THE HOME.

Bowling Green Oddfellows Make a
 Liberal Offer—Where's
 Maysville?

Æolian Lodge of Bowling Green has
 unanimously voted to donate \$10,000 to-
 ward securing the location of the pro-
 posed State Oddfellows' Orphans' Home
 in that city.

Besides this, a number of members
 have signified their intention of making
 private contributions to the amount of
 \$100 each and more, and an enterprising
 citizen has offered to donate a desirable
 site for the buildings.

The city and the citizens are also ex-
 pected to back up the efforts of the local
 Lodge with handsome contributions.

The Home—if built—is to be built by
 the Grand Lodge, with contributions
 from the different Lodges of the state,
 and each Lodge is asked how much it will
 give as an outright donation, without
 consideration, and how much more it will
 give in order to secure the location of the
 Home.

Æolian Lodge has agreed to give \$1,000,
 whether it gets the Home or not, and
 \$10,000 if the Home is located in Bowling
 Green.

As yet the Lodges of Maysville—the
 wealthiest in Kentucky—have taken no
 action in the matter.

One thing is certain, however; there's
 no more commanding or healthy spot in
 all the state than Maysville, and the Odd-
 fellows of this city, if they go in, will go
 in to win the Home.

Where to Inquire.
 Persons desirous of joining the A. P.
 A., or those interested in the purposes of
 the Order, will please address Box 483,
 Maysville, Ky.

West Virginia Voted For Them.

The present "Democratic good times"
 seem to be felt at no place more forcibly
 than at Huntington, where several lead-
 ing Building and Loan Associations have
 found it necessary to suspend the pay-
 ment of dues until there is a recovery
 from the present stagnation. In some
 cases nearly 75 per cent. of the sub-
 scribers are delinquent through absolute
 necessity, and the course has been found
 imperatively necessary.

OUR TURNPIKE TOLLS.

LAST LEGISLATURE PASSED AN
 ACT REGULATING RATES.

This Applies to All Turnpikes—How
 to Proceed to Enforce the New Law
 —Of Interest to Everybody.

It is not generally known that the last
 Legislature passed an act regulating the
 rates of toll on all turnpikes, but such is
 a fact. And the act prescribes rather
 heavy penalties for any violation of its
 provisions.

The act says "these rates are for gates
 standing five miles apart, and in that
 proportion for a less distance, but when
 there is a fraction of a road of a mile or
 more, less than five miles, toll may be
 charged at the gate next thereto for the
 fraction in the proportion that its length
 bears to five miles."
